Flying to CO at 430 PST. Will be free briefly when I land (around 830 MT time) then will be out of coverage for the most part of the next 4 days. Would definitely like to talk somehow before I'm off grid.

Didn't know if you got this yesterday: He's got cancer. Inquired about another "trip" to recover 2 personnel but I told him we probably wouldn't have that in the budget this year. Depending on his health I will try and set up a meet and greet in the near future just so you can meet.
